

Welcome to the Burlington Health Spa and Fitness Club

We have introduced a number of measures throughout to ensure the safety of you and our team which I hope that you will embrace.

- **Social distancing** rules throughout are in place to ensure we all keep a safe distance where possible.
- **Please arrive Gym ready** - Changing rooms/showers will not be available until we re-open the pool, spa and sauna.
- We are implementing **temperature checks** for all members and non-members on arrival as well as our team.
- **Anyone who registers a temperature above 37.8 will not be permitted entry. We ask you then to follow the government guidelines.**
- Please **use the sanitizers provided** to disinfect the piece of equipment that you are using before and after use.
- **Appointments** are now being taken for the Beauty Therapist and Physiotherapist. Please wait in the Hotel lounge prior to treatments.
- **The Pool, Spa and Sauna** are still temporarily closed and we hope to re-open these facilities over the next few weeks.

Thank you

Robert Marshall - Leisure Centre Manager
James Kleiner - Owner
Lindsay Bish - General Manager
Razvan Roman - Director
